ALUSHAPE

AN INNOVATIVE MOLDING CLOTH FOR THREE DIMENSIONAL SCENIC SCULPTURE

Create natural backdrops, stage scenery and props in a fast and easy way with AluShape. This reusable molding cloth can be shaped into an endless amount of fabulous textured forms.

AluShape's sturdy design can support most set pieces without any reinforcement or supporting structure. Flexibility to create instant trees, rocks, walls, snow and everything in between.

AluShape is available in single or double sided, preprinted or print and paint friendly fine cotton and gold or silver Lurex.

Customize further with our AluShape "Do it yourself" by covering the self adhesive aluminum core with the fabric or material of your choice.
