

## POLARSCRIM

### TECHNICAL DATA SHEET

May 2018

The flexible PolarScrim offers endless creative possibilities for both interior and entertainment purposes. Be amazed by the way this decorative diffuser fabric reacts to light and start sculpting 3D light structures that stand out. Just add LEDs and let the impressive line-effect speak for itself!

PolarScrim is not only flame-retardant, it is also moisture and UV resistant and can thus be used for both indoor and outdoor applications. Ideal for: 3D light sculptures/structures/decorations, large-scale light features on walls, ceilings and facades.
